Domestic Insurance Comparables

**Domestic Students** – For your insurance to be considered comparable to the university sponsored health insurance plan, your insurance plan must provide the following coverage at a minimum:

1. Coverage for the entire time you will be in school including holiday breaks and summertime. The Board of Trustees requires year-round coverage.
3. Prescription drug coverage. If you use a health savings account (HSA) to pay for prescriptions you may consider that as coverage for prescriptions.
4. Coverage by a provider network in the Tallahassee/Leon County area. Coverage must be available for routine, specialty, diagnostic, urgent and hospital care. Coverage for urgent or emergency care only is not sufficient.
5. Major medical coverage of at least $100,000/year.

**Have the following information available to complete the insurance waiver:**

1. The name of the person who pays your insurance premium and their relationship to you.
2. The name, mailing address and telephone number of your insurance carrier.
3. Your policy number and group number. The group number is optional.
4. The effective date of your insurance policy. The effective date must be at least one day before the beginning of the term for which you plan to register. Do not enter a termination date for your policy if the plan automatically renewes on the anniversary of the policy start date.

**Intercollegiate Student Athletes**
