October 17, 2012

SUBJECT: Clarification of Summary of Benefits and Coverage (SBC)

The language in the two SBC documents posted in this tab is mandated by the federal government to make certain the provisions of the Affordable Care Act (PPACA) are clearly defined. These documents are generic in nature and do not necessarily address the unique FSU student health plan from Florida Blue. If you have reviewed this document, your plan brochure and the SBC that applies to you and you still have questions, please contact Collegiate Risk Management at 850-644-4250 or 1-800-922-3420 OR the Health Compliance Office at the Health and Wellness Center of University Health Services, room 1005 or 850-644-3608 or by e-mail at healthcompliance@admin.fsu.edu.

The plan document to which the SBCs refer is the Benefit Booklet. We have not yet received the Benefit Booklets for 2012-2013. Until we do, you may refer to the Benefit Booklets posted under this tab for 2011-2012. As soon as the current Benefit Booklets are received they will replace the old ones on the site.

The SBCs refer to a three tier prescription coverage plan. The FSU plan has a two tier plan of $20 for generic medications and $50 for brand name medications. Some limitations do apply. Have your clinician check the drug formulary.

The $20 co-pay for illness and injury office visits at the health center for enrolled fee-paying FSU students is currently paid by the health fee assessed with tuition. When you receive your explanation of benefits (EOB) after a visit to the health center you may see the $20 charge mentioned. You will not receive a bill for the $20 charge.

Outpatient surgical procedures at the health center are covered 100%.

Routine dental care is not offered through this plan but dental care is available for purchase through Florida Blue.

Vision care is not a part of the basic health plan; however, as part of the Blue365 added benefits you may enroll in the Davis Vision discount plan at no extra cost. The flyer explaining how to enroll in the plan is posted on the Insurance Information page of this web site in the quick links box.

If you need assistance with enrolling for dental or vision care, please call the local Florida Blue office on Apalachee Parkway at 877-352-5830. The staff at the Florida Blue office is eager to assist FSU students with this and other aspects of the student health plan.
